

23L1350U LED HD TV

TOSHIBA

Leading Innovation >>>

FULL FEATURED. PERFECT FIT.

When you need an attractive, versatile television for a small space, the ultra-slim Toshiba 23" class L1350U LED TV is the ideal choice. With an all-new sophisticated design and curved corners, the 23" class L1350U offers 1080p Full HD resolution and a full set of connections including three HDMI® inputs—perfect for gaming and entertainment or as an extra PC monitor. This model offers an incredibly vibrant picture, while maintaining sharp contrast with detailed highlights and shadows. Beautifully designed and perfectly sized, you can leave it on its sleek stand or mount it in your home office, kids' room, kitchen—or anywhere you want a TV and extra PC display that's perfect for any room.

1080P FULL HD

1080p Full HD resolution—twice the picture detail compared to standard 720p HD

Dynamic PICTURE MODE

Dynamic Picture Mode delivers maximum contrast, clarity and color saturation

ColorMaster™

ColorMaster™ for complete six-color management control of hue, saturation and brightness

LED TV ULTRA SLIM

Energy-efficient LED backlight for vibrant HD picture quality with sharp contrast for lifelike images with natural shadows and highlights

GAME MODE

Game Mode reduces controller delay for faster video gaming action

USB MEDIA

Easily connect to your favorite tunes and photos, create slideshows, or listen to your personal playlists with this feature

HDMI X3

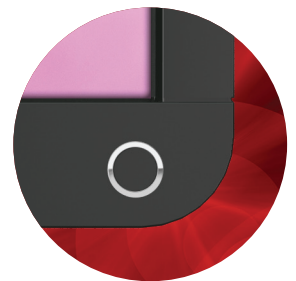

High-definition video and digital audio through a single cable

AUDYSSEY EQ ABX

Audyssey EQ® and ABX audio technologies for clear, well-balanced sound

PC HIGH DEFINITION INPUT

Easily connect your PC to your TV for the big screen experience

All-new, modern curved corner design in high gloss black with metal neck.

1. While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are subject to change without notice. 2. 1080p/24 fps encoded content and an HD display capable of accepting a 1080p/24Hz signal required for viewing 1080p/24 fps content. 3. Use of HDMI[®] CEC requires an HDMI[®] CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI[®] CEC functions may not work even if your display/peripheral device is HDMI[®] CEC compatible. 4. If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
