1. While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are subject to change without notice. 2. 1080p/24 fps encoded content and an HD display capable of accepting a 1080p/24Hz signal required for viewing 1080p/24 fps content. 3. Use of HDMI[®]-CEC requires an HDMI[®]-CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI[®]-CEC functions may not work even if your display/peripheral device is HDMI[®]-CEC compatible. 4. If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
