Owner's Record

The model number and serial number are on the back and side of your television. Record these numbers, and use them whenever you communicate with your Toshiba dealer about this television. Model name Serial number

Register your Toshiba Television at:

L7400U and L7400UM series: register.toshiba.com

L7400UC series: support.toshiba.ca/warranty/

Note: To display a High Definition picture, the TV must be receiving a High Definition signal (such as an over-the-air High Definition TV broadcast, a High Definition digital cable program, or a High Definition digital satellite program). For details, contact your TV antenna installer, cable provider, or satellite provider

Dear Customer.

Thank you for purchasing this Toshiba LED TV. This document will help you use the many exciting features of your new LED TV. Before operating your LED TV, carefully read this document

Safety Precautions

WARNING: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.

WARNING

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilatera triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance

WARNING Improper location and installation of a television can lead to the death of your child. Never place the television on furniture or in a location where children can climb up on and tip over the television. Please refer to the Child Safety information in item 26) in the Important Safety Instructions/Installation section.

WARNING To prevent injury, this apparatus must be securely attached to a sturdy, level, stable surface/wall in accordance with the installation instructions. See instructions on item 26).

doubts about your ability to safely mount

WARNING: If you decide to wall mount this television, always use a mounting bracket that has been Listed by an independent laboratory (such as UL, CSA, ETL) and is appropriate for the size and

weight of this television. The use of inappropriate or non-Listed mounting brackets could result in

serious bodily injury and/or property damage. See "To Display your LED TV using a Wall Bracket."

- ALWAYS use a mount that has been recommended by the television manufacturer and has a safety certification by an independent laboratory (such as UL
- ALWAYS follow all instructions supplied by
- the television and mount manufacturers. · ALWAYS make sure that the wall or ceiling where you are mounting the television is appropriate.

Some mounts are not designed to be mounted to walls and ceilings with steel studs or cinder block construction. If you are unsure, contact a professional installer

Televisions can be heavy. A minimum of two people is required for a wall or ceiling mount installation

MOVING AN OLDER TELEVISION TO A NEW PLACE IN YOUR HOME

- Many new television buyers move their older CRT televisions into a secondary room after the nurchase of a flat-panel television. Special care should be made in the placement of older CRT televisions.
- ALWAYS place your older CRT television on furniture that is sturdy and appropriate for its size and weight.
- **NEVER** place your older CRT television on a dresser where children may be tempted to use the drawers to climb. ALWAYS make sure your older CR1
- television does not hang over the edge of your

CE.org/safety

NOTE TO CATV INSTALLERS

This is a reminder to call the CATV system installer's attention to Article 820-40 of the U.S. NEC, which provides quidelines for proper grounding and, in particular, specifies that the cable ground shall be connected to the grounding system of the building, as close to the point of cable entry as practical. For additional antenna grounding information, see items 33) and 34).

Important Safety Instructions

- Read these instructions
- Keep these instructions. Heed all warnings.
- Follow all instructions
- Do not use this annaratus near water
- Clean only with dry cloth.
- Do not block any ventilation openings Install in accordance with the manufacturer's
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce

Do not defeat the Wide blade safety purpose of the polarized or grounding type plug. A polarized

plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

- 10) Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 1) Only use attachments/accessories specified by the manufacturer.

Use only with the cart. stand. tripod, bracket, or table specified by the manufacturer, or sold with the annaratus.

When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over

13) Unplug this apparatus during lightning storms or when unused for long periods of time.

14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way. such as when power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Additional Safety Precautions

- 14a) CAUTION: If the TV is dropped and the cabinet or enclosure surface has been damaged or the TV does not operate normally, take the following precautions:
- ALWAYS turn off the TV and unplug the power cord to avoid possible electric shock
- NEVER allow your body to come in contact with any broken glass or liquid from the damaged television. The LCD panel inside the TV contains glass and a toxic liquid. If the liquid comes in contact with your mouth or eves, or your skin is cut by broken glass. rinse the affected area thoroughly with water and contact your doctor immediately. Al WAYS contact a service technician to
- inspect the TV any time it has been damaged or dropped.

15) CAUTION:

To reduce the risk of electric shock, do not use the polarized plug with an extension cord, receptacle, or other outlet unless the blades can be inserted completely to prevent blade exposure.

To prevent electric shock, match wide blade of plug to wide slot; fully insert.

16) CALITION:

Do not let children swallow any small parts included on or with the product or play with the plastic bag. Keep the small parts and the plastic bag out of the reach of children

Do not let water or other liquids come into contact with the product, as it may result in damage

18) WARNING

- To prevent the spread of fire, keep candles or other open flames away from this product at all times.
- Keep the product away from direct sunlight, fire or a heat source such as a heater. This may reduce the product lifetime or result in fire.

Installation, Care, and Service

Inetallation

Follow these recommendations and precautions and heed all warnings when installing your TV: WARNING: NEVER expose batteries

to excessive heat such as sunshine, fire, etc. 20) ALWAYS plug the product into an outlet that is

located in such a manner that it can be easily unplugged in case the product requires service. 21) NEVER route the product's power cord inside a

wall or similar enclosed area. 22) Never modify this equipment. Changes or modifications may void: a) the warranty, and b) the user's authority to operate this equipment

under the rules of the Federal Communications

23) **EQUIPMENT DAMAGE!**

DANGER: RISK OF SERIOUS PERSONAL INJURY. DEATH. OR

Never place the TV on an unstable cart, stand or table. The TV may fall, causing serious personal injury, death, or serious damage to

- 24) When selecting a location for the TV,
 - · NEVER allow any part of the TV to hang over the edge of the supporting furniture NEVER place the TV on tall furniture
- (for example, entertainment centers or bookcases) without anchoring both the furniture and the TV to a suitable support.
- Never place cloth or other material between the TV and the supporting furniture. NEVER allow children to climb on the TV.
- 25) To avoid damage to this product, never place or store the TV in direct sunlight; hot, humid areas: or areas subject to excessive dust or vibration
- 26) Always place the TV on a sturdy, level, stable surface that can support the weight of the unit. Secure the TV using one of the following
 - (1) Secure the TV with a sturdy strap to a wall stud, pillar, or other immovable structure. When connecting the strap:
- attach the strap to the TV using the hooks on the back of the TV, the clips or the pedestal, or the hole in the base of the pedestal as available
- · make sure the strap is tight, secure, and parallel to the floor.

(2) Secure the TV with the fall-prevention band attached to the pedestal.

- Place the TV on a sturdy surface that has sufficient thickness and screw the band onto the surface.
- If secured to furniture or other movable objects, the furniture must be secured to an immovable object using the method shown in item (1) above

- 27) The apparatus shall not be exposed to dripping or splashing, and that no objects filled with liquids, such as vases, shall be placed on the apparatus
- 28) Never block or cover the slots or openings in the TV cabinet back, bottom, and sides, Never place the TV:
- on a bed, sofa, rug, or similar surface;
- · too close to drapes, curtains, or walls; or
- in a confined space such as a bookcase, built-in cabinet, or any other place with poor ventilation.
- 29) Always leave a space of at least 4 (four) inches around the TV. The slots and openings are provided to protect the TV from overheating and to help maintain reliable operation of the TV.
- 30) Never allow anything to rest on or roll over the power cord, and never place the TV where the power cord is subject to wear or abuse. Never overload wall outlets and extension cords

32) Always operate this equipment from a 120V AC,

60 Hz power source. 33) Always make sure the antenna system is

properly grounded to provide adequate protection against voltage surges and built-up static charges (see Section 810 of the National

34)

DANGER: RISK OF SERIOUS PERSONAL INJURY OR DEATH!

· When installing a rooftop antenna, use extreme care to make sure you are never in a position where your body (or any item you are in contact with, such as a ladder or screwdriver) can accidentally touch overhead power lines

Never locate the antenna near overhead power lines or other electrical circuits.

Never attempt to install any of the following during lightning activity: a) an antenna system; or b) cables, wires, or any home theater component connected to an antenna or phone system

For better performance and safer operation of your TOSHIBA TV. follow these recommendations and precautions

35) If you use the TV in a room whose temperature is 32° F (0° C) or below, the picture brightness may vary until the LCD warms up. This is not a sign of malfunction.

WARNING: RISK OF SERIOUS PERSONAL INJURY OR EQUIPMENT DAMAGE

nedestal. Studies indicate that plastics may weaken and crack over time from the combined effects of chemical agents and mechanical stress (such as the weight of the TV). Failure to follow these instructions could result in serious injury and/or permanent damage to TV and TV pedestal. Always unplug the TV before cleaning.

- connecting cables or product. 40) For added protection of your TV from lightning and power surges, always unplug the power cord and disconnect the antenna from the TV if you leave the TV unattended or unused for long periods of
- 41) Always unplug the TV to completely disconnect from the main power. When the TV is turned off using the on/off switch. it is not completely disconnected from

power and a minute amount of current is still consumed.

42) During normal use, the TV may make occasional snapping or popping sounds. This is normal, especially when the unit is being turned on or off. If these sounds become frequent or continuous, unplug the power cord and contact a Toshiba Authorized Service Provider

WARNING: RISK OF SERIOUS PERSONAL INJURY OR EQUIPMENT DAMAGE

Never strike the screen with a sharp or heavy object.

- 44) The LCD screen of this product can be damaged by ultraviolet radiation from the sun. When selecting a location for the television, avoid locations where the screen may be exposed to direct sunlight such as in front of a window
- Never touch, press, or place anything on the LCD screen. These actions will damage the LCD screen. If you need to clean the LCD screen follow the instructions (in item

Service

WARNING: RISK OF ELECTRIC SHOCK!

- 46) If you have the TV serviced:
- · Ask the service technician to use only replacement parts specified by the

technician to perform routine safety checks to determine that the TV is in safe operating Choosing a location for your LED TV

To Display your LCD TV on the included Pedestal Stand: Observe the following safety precautions:

1) Read and follow the pedestal assembly

instructions included with the pedestal. **CAUTION:** Before beginning pedestal assembly, carefully lay the front of the LCD Panel face down on a flat cushioned surface such as a quilt or blanket Leave the bottom of the unit protruding over the edge of the surface and assemble the pedestal as in

this instruction document. Note: Extreme care should always be used when attaching the pedestal stand to avoid damage to the LCD panel.

- Place the TV on a sturdy, level surface that can support the weight of the TV.
- Be sure to secure the TV to a wall, pillar. surface, or other immovable structure see item 26) for additional details

To Display your LED TV using a Wall Bracket: If you decide to wall mount your LED TV. always use a wall bracket Listed by an independent

appropriate for the size and weight of the TV: CAUTION: Two or more people are required for installation

laboratory (such as UL, CSA, ETL) that is

- 2) Unplug and remove any cables and/or other component connectors from the rear of the TV. Remove the screws of the VESA Mounting
- Pattern shown in the table below, if applicable. CAUTION: Do not use the screws removed from the back cover to attach the wall mount bracket to the TV.

4) Always use the screws supplied or

- Upon completion of service, ask the service recommended by the wall mount manufacturer. Follow the instructions provided with your wall bracket. Before proceeding, make sure the appropriate bracket(s) are attached to the wall and the back of the TV as described in the instructions provided with the wall bracket.
 - After attaching the appropriate bracket(s) to the wall and the back of the TV remove the pedestal stand from the TV, as described in this instruction document

VESA Mounting Pattern TV Size Hole Pattern (HxV) Screw Size 400 x 400 mm

Removing the Pedestal Stand

- Carefully lay the front of the unit face down on a flat, cushioned surface such as a guilt or blanket. I eave the stand protruding over the edge of the surface.
- Note: Extreme care should always be used when removing the pedestal stand to avoid damage to the LCD panel.
- Remove the stand screws shown in the diagram. This will allow removal of the pedestal stand.
 - stand from the TV **CAUTION:** Always place the TV on a sturdy, level, stable surface that can support the weight of the unit. To secure the TV, use a sturdy strap from the hook(s) on the rear of the TV to a wall stud, pillar, or other immovable structure. Make sure the strap is tight, secure, and parallel to the floor.

Once you have removed all screws holding the

pedestal stand in place, remove the pedestal

FCC Declaration of Conformity Compliance Statement (Part 15):

Toshiba television model 55L7400U/UC/UM complies with Part 15 of the FCC Rules Operation is subject to the following two conditions

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation. The party responsible for compliance to these

Toshiba America Information Systems, Inc. 9740 Irvine Blvd., Irvine, CA 92618. Phone: 800-631-3811

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no quarantee that interference will not occur in a particular installation. If this equipment

(Sample Illustration)

does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

Caution: Changes or modifications to this equipment not expressly approved by Toshiba could void the user's authority to operate this

Wireless Radio

For products available in the USA/Canada market, only channel 1-11 can be operated. Selection of other channels is not possible.

The device can automatically discontinue transmission in case of absence of information to transmit, or operational failure. Note that this is not intended to prohibit transmission of control or signaling information or the use of repetitive codes where required by the technology If this device is going to be operated in 5.15–5.25 GHz frequency range, then it is restricted in indoor environment only.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

IMPORTANT NOTE:

exposure limits set forth for an uncontrolled environment. This equipment should be

installed and operated with minimum distance 20cm between the radiator & your body.

Canada - Industry Canada Statement

This device complies with RSS-210. Operation is subject to the following two conditions: (1) This device may not cause harmful interference received, and (2) This device must accept any interference received, including interference that may cause undesired operation of the device

This device and its antenna(s) must not be colocated or operating in conjunction with any other antenna or transmitter.

Important notes about your TV

The following symptoms are technical limitations. of LCD Display technology and are not an indication of malfunction; therefore, Toshiba is not responsible for perceived issues resulting from these symptoms

- An afterimage (ghost) may appear on the screen if a fixed, non-moving image appears for a long period of time. The afterimage is not permanent and will disappear in a short period of time.
- The LCD panel contained in this TV is manufactured using an extremely high level of precision technology; however, there may be an occasional pixel (dot of light) that does not operate properly (does not light, remains constantly lit, etc.). This is a structural property of LCD technology, is not a sign of malfunction and is not covered under your warranty. Such pixels are not visible when the picture is viewed from a normal viewing distance.
