

TOSHIBA INTERNATIONAL CORPORATION

Environmental Policy Statement

Toshiba International Corporation (TIC) understands it is a privilege to draw resources from the Earth, and stewardship of the environment and the Earth's resources should be top priority. For this reason TIC, as an organization, is committed to developing and maintaining a system for environmental sustainability.

TIC strives to design its products (Electrical and Hybrid Vehicle Motors, Adjustable Speed Drives, Uninterruptible Power Systems, Transportation Systems, Bank Note & Mail Sorters, Rapid Recharge Batteries and PLCs), construct and maintain its facilities and conduct its operations in strict compliance with all applicable environmental laws, regulations and other system requirements to which we subscribe. We pledge to reduce, reuse and recycle as much as possible in all aspects of our business operation.

We pledge to diligently promote and advance our environmental efforts within fiscal and technological capabilities. These activities include, but are not limited to:

- Commitment to continuous improvement through the Environmental Management System (EMS) and ensuring its strategic alignment and integration into business operations
- Regular awareness training and continuing environmental education for all employees, associates and contractors working for or on behalf of TIC
- Evaluation of new and existing operating, manufacturing and distribution processes to minimize risk to employees, customers, communities and the environment
- Development of energy saving products and product design using fewer resources
- Cooperation with the TIC EHS Department to ensure optimum protection of all employees, customers and communities connected with TIC
- Recycling, reusing and innovatively conserving natural resources
- Safe handling, transportation and disposal of chemicals and waste
- Commitment to Corporate Social Responsibility including promotion of recycling and biodiversity within the community
- Commitment to emergency preparedness and response
- Compliance and accountability monitoring
- Continuous efforts to reduce our environmental impact through pollution prevention

TIC senior management acknowledges and supports the environmental goals outlined in this policy and deems that it is incumbent upon all TIC personnel, associates and contractors to assess their individual responsibility to fulfill the obligations of this Environmental Policy Statement.
