

Battery Energy Storage System

TRANSMISSION & DISTRIBUTION

BESS by Toshiba

- One of the Largest T&D Equipment Manufacturers in the World
- Known as Leading Innovator of T&D Solutions & Equipment
- Advanced Proprietary Battery Technology Utilizing SCiB™ Rechargeable Batteries
- Excellent Experience & High Efficiency Ratings

- ▶ **Smart Grid:** Key Building Block for the Development of a Smart Grid
- ▶ **Design:** Designed for Easy Transport & Installation
- ▶ **Mounting:** Mounted in Standard Packaging
- ▶ **Best Solution For:**
 - Frequent Regulation
 - Volt/VAR Management
 - Load Shifting
 - EV Charging Stations
 - Renewable Integration
 - Power Balancing
